# STEAMER CRASHES INTO DRAWBRIDGE

## LOCAL TRAINS ARE TIED UP

Narrow Gauge Draw Badly Wrecked This Morning.

The steam schooner Wasp at 10:30 this morning ran head-on into the drawbridge of the Southern Pacific Company which crosses the estuary at the foot of Harrison street. The bridge was closed at the time of the accident, and as a result, it was badly wrecked. The Wasp, however, escaped with little injury. It will be at least two days before the bridge can be repaired, and in the meantime the narrow gauge service will be badly interrupted. After the accident, the trains were stopped on both sides of the bridge, and people were compelled to walk across the Webster street drawbridge in order to make connections.

It appears that the captain of the Wasp gave the signal to open both the Webster and the Harrison street bridge. Captain Emery swung the Webster street bridge open, and the Wasp went driving through, having both a flood tide and a strong wind in her favor. The second, third and fourth signal was given to open the Harrison street bridge. No sign was given that the bridge was moving, and the captain, realizing that there was great danger, turned off his power, but he could not stem the speed of

## FOUNDERS; HUNDREDS DROWN

Italian Emigrant Strikes Reef and Sinks Off Spanish Shore.

CARTAGENA, Spain Aug. 6.—Three hundred passengers of the Italian steamship Siro from Genoa for Barcelona, Cadiz, Montevideo and Buenos Ayres with about 500 persons on board, were drowned last night off Hormigas Island. The ship struck a reef.

The captain of the steamship is reported to have committed suicide. The bishop of Sao Pedro, Brazil, perished, and it is reported that another bishop is among the missing.

The remainder of the passengers, officers and crew got away in the ship's boats or were rescued by means of boats sent to them from the shore.

**RESCUERS DROWNED.**

A number of fishermen who made attempts at rescue were drowned.

Those rescued from the vessel are now at Cape Palos in a pitiable condition, being without food or clothing.

The Siro struck a rocky reef known as Bajos Hormigas and sank soon afterward, stern first. Hormigas Island lies about two and a half miles to the eastward of Cape Palos. The Siro was owned by the Navigazione Italia of Genoa.

The captain declared the vessel had 645 passengers on board and that her crew numbered 127 men. The Siro had 570 passengers when she left Genoa, but additional Spanish passengers were taken on board at Barcelona, where the vessel touched a few hours before the disaster.

The wreck occurred at 5 o'clock yesterday afternoon. The steamship was threading a difficult passage through the Hormigas group, where the Bajos Hormigas reef is a continual menace to navigation. She began to leak rapidly after she struck and terrible confusion and panic ensued on the vessel. The fishermen along the coast sought to render every assistance and sent out boats which brought many survivors ashore.

## STRIKES INSULTER OF WOMAN

G. Sturm Injures His Hand Protecting Victim of Assault.

G. Sturm, a young electrician of 344 Isabella street, has proved himself a champion of the fair sex and in a most decisive manner. He struck a Japanese who was in the act of insulting a young lady at Eighth and Harrison streets this morning and hit him so hard that the Jap was knocked prostrate on the sidewalk and Sturm's hand was so badly strained with contact with the victim's lower jaw that he was obliged to visit the receiving hospital for medical attention.

According to his story, he was walking along Harrison street when he noticed a young woman attempting to back away from the Japanese, who was forcing his attentions upon her. He had his hands on her shoulders and was about to encircle her with his arms when Sturm jumped to the rescue of the woman and struck the Japanese a stinging right hand blow on the chin. He was following up his advantage when the young lady took to her heels and ran quickly down the street.

**DID NOT WAIT.**

Sturm's hand was paining him so badly that he did not wait to see what became of the prostrate foreigner. This is the first case for some time where a young woman was saved from assault by a man who was not afraid to act as her champion. Sturm was complimented for his act at the hospital, where he asked for treatment. Steward Borchert said: "We should have more like you in Oakland."

Sturm described the woman whom he saved from assault as being about twenty years of age, well dressed and having an abundance of light hair. He thinks he would have no trouble in identifying the Japanese, as he is confident he will wear for some time to come a few bumps where his fist landed.

After treatment Sturm returned to his work.

## RUSSIAN STRIKE CRUSHED

Efforts to Embarrass Czar by Tie-Up Prove Fruitless.

ST. PETERSBURG, Aug. 6.—Unless dispatches from the interior within four hours entirely change the situation, the general strike promises to prove a complete failure.

Although the Liberals are strongly opposed to the course of the government, they shrink from precipitating a revolution and the horrors of a civil war, in which the country would be plunged if the plans of the proletariat leaders were successful. Not only is the sympathy of the intelligent public lacking, but in St. Petersburg the leaders of the various labor organizations find many of the followers lukewarm and even in open rebellion against their orders.

When the central committee of the printers' union adjourned last night many of the men returned to their cases, with the result that four newspapers appeared this morning. The central committee of the railroad men's union find so many men equally opposed to the strike or afraid to risk the loss of their positions, with imprisonment into the bargain, that it has not yet so far as known issued a formal order to strike.

**CRUSH STRIKE.**

ST. PETERSBURG, Aug. 6.—Late this afternoon it was said that the government had practically succeeded in crushing the organization of the strike leaders here. The central committee of the Social Democrats was captured and placed in prison in the early hours, and the greatest confusion prevails in the revolutionary camp. The hope of the revolutionists is now centered in Moscow. The St. Petersburg railroad committee has decided to await the result of the strike at Moscow before attempting to order out the men. Wednesday is now the day on which they say the railroad strike will begin. The employees of the street railroad lines who struck Saturday have resumed work.

The prefect of police of Cronstadt, acting under the authority of the commander of the fortress, has notified the striking longshoremen there that unless they return to work tomorrow they will be expelled from the island.

**AT WORK IN MOSCOW.**

A private dispatch from the Westinghouse branch at Moscow received late today said the men were at work and that the manager had been assured by the prefect of police that a general strike in Moscow was impossible. The authorities are using all the

## DEPOSITORS ARE ROBBED

Cashier Has Fled and People Are in Panicky State.

CHICAGO, Aug. 6.—It develops today that the Milwaukee Avenue State Bank has been looted to the extent of \$700,000. This amount of bogus notes was found, it is stated, by a member of the clearing house committee, and that the trouble was first revealed by the president of the bank, Paul O. Stensland.

**PRESIDENT GONE.**

ST. PAUL, Minn., Aug. 6.—Inquiry at all the hotels in St. Paul and other places where he would likely be known failed to locate Paul O. Stensland, president of the Milwaukee Avenue bank. Search for him is being continued.

That is all, I believe, that has happened this time.

"I swore out the warrant for the arrest of Herring at the request of Bank Examiner Jones. The amount named in the warrant is \$500. I regard the matter as only a matter of form to accommodate Mr. Jones and enable him to hold or question Herring when he reappears, as I am convinced that he will. It was the absence of three of the executive officials that led the bank examiner to take this action and he has done it merely as a precaution, not because of any discrepancies."

**SUSPICION AROUSED.**

The suspicion of the depositors was aroused by the sight of the policemen stationed in front of the bank and in a short time large numbers of those who had money in the bank appeared and demanded their deposits. At one time the run assumed the proportions of a riot, but the turbulence of the crowd was finally quelled by the police.

The news of the suspension spread rapidly and soon several of the smaller banks in the vicinity were besieged by depositors.

The Milwaukee Avenue State Bank was organized in 1890 by Paul O. Stensland, who is president of the institution. The capital stock is \$250,000 and the surplus \$250,000. Of the \$500,000 deposits a large part, it is said, is the earnings of working people. President Stensland is at present in St. Paul, Minn., where he went for a vacation.

**CASHIER MISSING.**

Henry W. Herring, cashier of the bank, is missing and a warrant charging embezzlement has been sworn out. At the same time State Bank Examiner C. C. Jones issued a statement to the effect that the whereabouts of three officers of the bank is unknown to him and that the bank is without an official head.

During the absence of President Stensland in Europe, his son, Theodore Stensland, has been in charge. Last Saturday Theodore Stensland discovered that the bank was in a serious condition and sent notice to Cashier Herring and others that there would be a further examination this morning. Today a notice was posted by Bank Examiner Jones stating that the bank had been closed for the purpose of examination and that the institution is now in the hands of the auditor of the state.

**A STATEMENT.**

This afternoon Theodore Stensland made a statement explaining the condition of affairs in the bank. He said: "The bank has now cash on hand of \$1,051,000. It carries deposits of \$1,200,000. There are 22,000 depositors. I do not believe that Mr. Herring's accounts are wrong. It is not unusual for him to go away for two or three days at a time. He never takes a regular vacation, but has heretofore seized an opportunity for a few days when business is exceptionally dull."

## WAS FALSE TO THAW

Evelyn Nesbit Met White After Her Marriage to Thaw.

NEW YORK, Aug. 6.—The prosecution in the case against Harry Kendall Thaw, it was said last night, will try to prove that Evelyn Nesbit Thaw had not been in the company of Stanford White since her marriage to Thaw. The witness by whom it is hoped to prove this is Joseph W. Jordan, at present the manager of the Hotel Indian River, Mecklenburg, Wis. Dr. Jordan was the treasurer of the "Wild Rose" company, in which Evelyn Nesbit had a part. Some weeks ago he appeared before Assistant Attorney Garvan, having been subpoenaed, in company with James Lederer, who was the manager of the "Wild Rose" company.

Mr. Jordan refused to say anything to Mr. Garvan, telling him that he would only testify when forced to do so by a grand jury subpoena. The writ of prohibition secured by the defense, however, prevented this action, and Mr. Jordan's evidence was not secured.

Mr. Jordan, it is said, could swear that he had seen White and Mrs.

Thaw together within about a week of the shooting.

"I came up from Indian River about three weeks before the tragedy," Mr. Jordan is reported to have said. "I had been here more than a week, and it was about a week before the shooting that I saw them together. I had walked from the East Side toward Broadway and had just passed the Marthe Washington hotel in Twenty-ninth street, when I saw Stanford White and Evelyn Nesbit together. I spoke to them and am certain of my testimony."

## STEAMER DISABLED IN HEAVY FOG.

NE WILSON, Conn., Aug. 6.—The steamer Puritan of the Fall River line broke a shaft off New London harbor early today. The steamer came to anchor in the fog off Sarah's Ledge. The 300 passengers bound from New York to Fall River were transferred to the railroad station here by tugs.

A train will be made up here before noon to carry the passengers to their destination. The fog on the sound was unusually thick this morning.

## BICYCLES RECOVERED.

BERKELEY, Aug. 6.—No less than five stolen wheels have been recovered by the efficient police department in the past few days. The grateful owners have been thanking the police for the recovery of the bicycles that have been stolen from them for a large part by their own carelessness.

From the broken narratives of the terror-stricken survivors it would appear that it was the intention of the captain of the Siro, after leaving Barcelona, to call at Cadiz before proceeding to Brazil. In order to shorten the route and gain time he proposed to pass as close as possible to the dangerous rocky ledges surrounding the Hormigas islands. Without any warning and while running at full speed the Siro crashed upon the rocks with terrific force. A few minutes after striking the vessel sank beneath the waves. The passengers were in a state of horror and panic. Crowds rushed forward, pushing each other and fighting for places in the bow of the vessel. Many fell and were trampled to

## ASKED POLICE TO HELP HIM KEEP SOBER

In order to protect himself from drinking too much liquor, H. P. Deering gave himself up to the police last night and was charged with being drunk.

When he came up before Police Judge Smith this morning he told the judge that he had surrendered himself because he feared he would drink until he became helpless. He was released by the judge with the admonition not to drink so much that he would have to have any further protection.

## FLOCK TO SARATOGA

NEW YORK, Aug. 6.—Three steamboats and three special trains from this city carried away to Saratoga yesterday the largest crowd of sporting men that ever started for the racing season at the Spa. All indications point to a record-breaking month at the historic watering place, and yesterday's exodus from New York comprised only one of the many classes of visitors. It was exclusively a "horse" crowd.

A second boat, the Dean Richmond, was put in service by the People's line to help out the G. W. Morse on the nightly run, and both steamboats were crowded to the limit. More than four thousand persons sailed on the two boats, and the City of Troy, of the Troy line, carried away the largest crowd it has housed in many years.

John G. Cavanaugh takes a special train to Saratoga every year to accommodate the big bookmakers and their staffs, and for this year he chartered sixteen Pullman cars, which were run in two sections. There were not enough cars yesterday for the crowd, and a third special was made up of seven cars, with every seat taken.

## MILK INSTEAD OF BEER AT UNION PICNIC

CHICAGO, Aug. 6.—Out of town delegates to the convention of the International Teamsters' Union, which will open today, were the guests of the department store wagon drivers organization yesterday at a social function that is unique in the annals of trades unionism. The event, which is believed to be the first of the kind ever held, was a picnic at which the festive beer stein was replaced by the milk tumbler.

Milk shakes were consumed in prodigious quantities, and President Peter W. Reitz, the originator of the bold plan, was the hero of the occasion.

Incidentally, it has started a boom for Reitz as the man who should be put forward to defeat C. P. Shea for the international presidency of the union.

## FILIPINOS MAKE RAID

Force Military Line, Burn Public Buildings, Kill Three Police

NEW YORK, Aug. 6.—A special from Manila says:

"One hundred and fifty Filipinos pierced the military cordon, burned the municipal buildings, killed the ex-president of the town, two former members of the constabulary and three policemen at Buhayon, Island of Leyte, twenty miles from the scene of the recent fight. One hundred soldiers and constabulary are in pursuit of the raiders."

"Major Crawford and Captain Knauber, with a lieutenant and eight constabulary men, were ambushed by Agorrotos while shooting the rapids of the Abulug river in northern Luzon on a bamboo raft. Major Crawford and Captain Knauber and five men were wounded with arrows. They were unable to return the fire because the enemy were hidden in the wooded banks of the river. This outbreak is in violation of the agreement to keep their peace."

death. Dozens of men and women threw themselves into the sea.

**VESSEL SINKS.**  
In the midst of this panic the captain and officers of the *Sirio* endeavored in vain to restrain the people, restore a semblance of order and organize a system of life saving. This was not accomplished for the vessel suddenly pitched broke in half or glided off the rocks and foundered in deep water.

The archbishop of San Pedro went down with the vessel while blessing the drowning passengers. The archbishop who was first supposed to have been drowned has since been reported safe. He is at Cartagena.

**TRAWLERS NEAR.**  
A fleet of trawlers provisionally happened to be only about 100 yards away when the *Sirio* struck North. Withstanding the great danger the skippers of these boats came at once to the rescue. Survivors of the *Sirio* unite in praising the conduct of the captain of the trawlers Joven Miguel and Vicente Llicano. The former steamed close to the side of the sinking ship and took off 300 persons. The crew of this trawler endeavored to cheer off, fearing that their boat would be sunk, whereupon the captain drew his revolver, leveled it at his men and shouted, "As long as it is possible to take off another passenger you will not move."

The Vicente Llicano saved 200 persons, and an old fisherman sailing a dingy alone saved twelve. A roll call taken on shore shows that 385 persons from the *Sirio* are missing, but it is believed that a few were taken on board French and German steamships which continued on their voyage after the *Sirio* sank.

**MORE REPORTS.**  
CARTAGENA, Spain, Aug. 6.—Reports continue to arrive here of the terrible scenes attending the wreck on Saturday evening off Hornigas Island.

of the Italian steamer *Sirio*, from Genoa, August 2, via Barcelona and other ports for Buenos Ayres, resulting in the loss of over 300 lives. The drawing of the Bishop of San Paolo, Brazil is now attributed to the action of an Argentine passenger, who forcibly took from the bishop a life belt with which the latter had provided himself.

One Italian woman kept her three children afloat on a plank until they were all picked up.

A bridegroom who was on his honeymoon lost his wife and sister and one other man who was saved lost three children.

**CHILDREN GO DOWN.**  
Six children clambered into the shrouds of the *Sirio* while their mothers were taken off by one of the trawlers. The *Sirio* sank before the children could be rescued. The mothers, frantic with despair, watched their children as they were engulfed. The children uttered piercing shrieks as they were drawn under the waves. It was with difficulty that the women were restrained from jumping into the sea.

A monk among the passengers was drowned while kneeling on deck. The Austrian Consul at Rio de Janeiro jumped into the sea wearing a life belt. He then noticed a woman and child near him on the point of going down. He gave up his belt to them and tried to swim ashore. He was almost exhausted when rescued by a fishing vessel. The body of a child brought ashore had around its neck a picture of the Madonna and a young Italian who was drowned had clasped in his hand a picture of his fiancée.

**RELATIVES MOURN.**  
GENOA, Aug. 6.—The loss of the Italian steamer *Sirio* causes intense excitement among the relatives and friends of the Italian passengers and crew most of whom lived here or in this vicinity. The offices of the captain of the port and of the Italian General Navigation Company, to which the *Sirio* belonged, were so besieged today by agonized throngs seeking information that the police were compelled to establish barriers to hold back the crowds. Some of the people assumed a threatening aspect, declaring that facts were being withheld.

**OLD SHIP.**  
The *Sirio* had seen twenty-three years' service, but she was considered to be in a seaworthy condition. She was built of iron and wood, had a single screw, was of 4000 tons gross reg-

## BREED REFUSES CONSENT TO NEW ASSESSMENT PLAN

Assessor Tells City Council It Must  
Raise All Valuations, if It  
Increases Any.

City Assessor A. H. Breed has taken exception to the opinion of the City Council, which, as a Board of Equalization, thinks that certain districts of this city can be set apart and the assessments in those districts raised. He has refused to change his assessment list in this manner, as he has already submitted it and made his affidavit to the effect that he believes it to be correct. Assessor Breed takes the assessments as fixed by County Assessor Dalton.

The Council will meet this evening as a Board of Equalization and the matter will be further considered. It is the desire of the Council to increase the assessments \$2,000,000, and it is the consensus of opinion of the members that to do this certain districts can be mapped out in different sections of the city and the assessments on these districts only raised.

**FAVORS INCREASE.**  
Assessor Breed said in an interview this morning with a TRIBUNE reporter: "I am in favor of a high valuation and a low rate, because I think it is for the best interests of the city. But I am strenuously opposed to the raising of the county assessor's valuations in spots. If it could be done uniformly all over town, I think it would be beneficial, but I do not believe in class legislation and the raising of one district without making the raise uniform. In my judgment the Council has no

legal right, sitting as a Board of Equalization, to raise an entire district, as it proposes doing. Its duties are to equalize so that all assessments may be as near as possible equal and on the same footing."

The members of the Council first sat as a Board of Equalization last Monday evening. As the assessment rolls had not been turned over to them, the meeting adjourned until this evening at 7:55 o'clock. After the adjournment of the meeting Assessor Breed was called into executive conference. He was told of the proposition to raise the assessments \$2,000,000 and of the plan to set apart certain districts and raise the assessment in these only. Breed asked for a little time to consider the matter.

**BREED REFUSES.**  
On last Thursday evening another session of the members of the Council and the assessor was held and Breed absolutely refused to change his assessment rolls as the Councilmen requested. He told the Councilmen that he could not see his way to do this, and besides he believed it to be their duty and not his, as he had already fixed the assessment as he thought it should be. The Council then decided to go it alone without the assistance of the assessor. When asked this morning if he believed certain individual properties should be given a higher valuation, Assessor Breed answered in the affirmative. "But it is absurd," he added, "to think that the two million dollar raise could be made in this manner."

means at their disposal to block the revolutionary moves in every direction and appear convinced that the strike leaders cannot get sufficient headway to endanger the life of the state. Indeed, they believe that nothing more than local strikes, which will soon degenerate into the old story of crime and terrorism, will result.

The principal danger is expected in South Russia, from which the tide might sweep northward. The Novoe Vremya likens the present war proclaimed by the revolutionists to "infuriated beasts," striking blindly and wildly in the dark.

## HELD BY TROOPS.

MOSCOW, Aug. 6.—All the railroad stations this morning were occupied by troops and heavy reinforcements were sent to the industrial sections.

"The police are arresting the members of all the central committees of the various trades unions."

No trains left Moscow this morning over the Kazan railroad, which took the lead in the strike of last November.

The employees of the electric plant failed to appear for duty today. Cossacks and other troops are protecting the water works.

**LUGANSK, Province of Yekaterinobolav, Aug. 6.**—A general strike has been proclaimed here. Twelve thousand miners have stopped work. Fifty thousand men are now out in the Donets Basin mining region.

**ST. PETERSBURG, Aug. 6.**—The tone on the Bourse today was extremely nervous, but the prevailing sentiment was against the success of the general strike. Nevertheless prices yielded all around, government securities dropping a point on an average, but recovering a fraction.

## The Office Boy and the School Boy

Every school term, and just before vacation commences, this picture of me represents the condition of the average boy. He can't wait until the closing hour. Just before school takes in he is in about the same fix—counts the hours, until it takes in again—hates to go back—but when he does get started he plants a lot of brains which will make a man out of him in years to come. School takes in next Monday and this week I am going to harp about BOYS' CLOTHES, BOYS' PANTS, BOYS' WAISTS, BOYS' STOCKINGS, BOYS' WEARABLES and every thing a boy can wear until I ding dong it into your minds that this is the best store to buy things for a boy. Bring your boy here for the stout wear-resisting suits which stand the knock and cuffs of rough play. Don't overlook this store, because if you do—well, you won't.

## OBJECT TO NEW SALOON

Supervisors Hear Protest of  
Many Residents Against  
Proposed License.

At the meeting of the supervisors this morning all the members were present.

Supervisor Rowe reported that he had aided 89 indigents, from May to July inclusive, at a cost of \$556. Filed.

Supervisor Talcott reported that he had given relief to 26 indigents during July, at a cost of \$61.50. Filed.

County Treasurer Kelley reported the conditions of the treasury as follows: Balance on hand July 1, 1906, \$1,086,187.45; receipts since, \$106,198.80; total, \$1,192,386.25; disbursements since July 1, 1906, \$214,119.92; balance on hand, August 1, 1906, \$978,266.33.

## HEALTH STATISTICS.

Dr. J. S. Alvarez Cabral, health officer, reported as follows for July: Cases quarantined, 6; cases of scarlet fever, 2; diphtheria, 3; smallpox, 1. Filed.

## WINEGAR'S LICENSE.

E. M. Winegar filed an incomplete application for a saloon license at the intersection of Saratoga avenue and San Leandro road. The application did not set forth that it was indorsed by six of the ten nearest property owners to the proposed saloon. The Board decided to return the application to have it comply with that requirement of the law.

The application was accompanied by a communication signed by 135 residents of Brooklyn Township who set forth that they recommended the granting of the license to Winegar. Such recommendation, however, is without avail in the absence of the recommendation of the six nearest property owners referred to.

## ANTICIPATED BY PROTEST.

Opposition to the granting of the license was manifested by a remonstrance signed Mrs. Daniel L. Bissell and about sixty other women and about 150 men residing in the Kinross and Moss tract and Elmhurst, in the neighborhood of the proposed saloon, and this was expressed as follows:

"We hereby enter earnest protest against the granting of a license to construct a saloon at the intersection of Saratoga and San Leandro roads, in Brooklyn township, for the following reasons: "First—There are already four saloons in the immediate vicinity, viz., within three blocks of said corner on said San Leandro road. There would seem to be no present and urgent need of another.

"Second—There are marked evidences, both from the manner in which said building is being constructed and from the character of the persons who are to be employed for immoral purposes. We regard its maintenance as a menace to the moral and social character of the community. We therefore pray that the petition for the license of a saloon on said premises be denied."

## COMMITTEE PRESENT.

A committee of these protesting men and women was present at the meeting held on the 4th inst. in opposition to the granting of the license, because of the imperfect condition of the application. They will be given a chance to speak, however, if Winegar should file a legal application.

## OTHER APPLICATIONS.

The application of Fred von Duren for a saloon license at the northwest corner of East Fourteenth street and the Redwood road, was continued until Monday next. F. J. Fisher, one of nine men who requested the granting of the license, asked that his name be withdrawn from the paper.

The application of William Grasselin of Decoto and W. J. Downey of Mission Viejo, for saloon licenses, were referred to the License Committee.

Dr. Clark of the County Infirmary reported that there were now 363 inmates in that institution.

## STUDENTS' HOSPITAL IS PROGRESSING.

BERKELEY, Aug. 6.—Alterations in the Meyer house at the University, preparing it for use as students' hospital are progressing rapidly under the direction of Superintendent E. A. Hugin. The hospital will be fully equipped and ready for use in the near future. The gymnasium fee has been increased from \$15 to \$4 to cover the expenses of running the hospital after it has been equipped. The payment of \$2.50 fee insures every student the best medical and hospital services in case of illness while at college.

## REFUSES TO INTERFERE.

DENVER, Aug. 6.—Judge Booth Malone in the District Court today refused to grant a writ of prohibition forbidding Judge Lindsey of the Denver County Court from investigating the alleged frauds in the May election, by means of which, it is charged by the Municipal Ownership and Honest Elections League, the Denver City Tramway and the Denver Gas and Electric Company franchises were granted by the voters of this city. The investigation will begin in the County Court tomorrow unless the Supreme Court interferes.

## CASE CONTINUED.

The case of Charles S. Wines, the former cashier of the West Oakland Bank, who is charged with misdemeanor embezzlement by the president of the bank, was to have come up this morning in department one of the police court, but was continued until Wednesday morning to plead. There are five charges against Wines, it being claimed that he appropriated the funds of the bank to his own use.

## ARRESTED FOR GAMBLING.

For playing stud poker in a house at 617 Harrison street, Chong Yee, Ah Wing, Fong Yee and Yee Lee were arrested last night by Sergeant of Police Henderson and Policemen McCready. The four Chinamen demanded jury trial and their cases were set for August 22, September 2, and September 12 and October 2, respectively. The first three are on \$500 bail each, and the fourth on \$100.

## LAWYER'S PLEA MAKES HER CRY

Mrs. Hartje Moved to Tears  
When Counsel Speaks in  
Her Defense.

PITTSBURG, Pa., Aug. 6.—The arguments in the Hartje divorce case were begun today. William B. Rogers, senior counsel for Augustus Hartje, opened for the prosecution. He devoted his address to an effort to beat down the evidence relating to the alleged visits of Augustus Hartje to resorts of questionable character. Concerning the letters which the defense alleges are forgeries, Mr. Rogers said the style and manner of the missives afford strong proof of genuineness. From beginning to end, he said, thoughts were expressed as they would flow.

Mr. Rogers referred to Coachman Madine, the co-respondent, as one below Mrs. Hartje in social position, and said "The letters show that the writer was displaying only a physical interest in the object of her servitude."

Mr. Rogers was followed by J. Scott Ferguson, also of the prosecution. Mr. Ferguson confined his address to a discussion of the letters, which he declared were all written by the same person.

Marcus W. Acheson then made the first plea for the defense. He inclined to the pathetic side of the case. During his address Mrs. Hartje was moved to tears.

## NEW FACTOR IN SCHOOL BONDS

Berkeley Women Succeed in  
Introducing Manual Training  
for Children.

BERKELEY, Aug. 6.—It was through the untiring efforts of the women of Berkeley who are head of the Mothers' Clubs that manual training in the schools of Berkeley was carried in the bonds.

The thought that the children in Berkeley are at last going to be taught to grapple not only with the ideas of a subject but its manifestation, application is one that, indeed, should be gratifying to the people in the college town.

The women to whom credit is due for the success of the Polytechnic High School, are Mrs. Elmer Carlisle, Head of the Kindergarten Federation, Mrs. Olsen, Mrs. George Haight, Mrs. Rowell, Mrs. Daret and a number of other prominent women of West Berkeley. Considerable credit is due to the untiring efforts of S. N. Wyckoff, Mr. Biedenbach, Victor Robertson, W. A. Gates, Fred W. Foss and Mr. Renas.

## TOOTH IN LUNG COSTLY TO DENTIST

LOS ANGELES, Aug. 6.—The Schiffman Dental Company of this city must pay to Miss Alice C. McGhee \$2400 because one of its employees dropped a tooth into her right lung.

Miss McGhee visited the office of the company December 7, 1903, for the purpose of having seven teeth extracted. Six were removed successfully, but the seventh slipped off the forceps and was drawn into the right lung of the plaintiff. The dental company, in making its application for appeal, asserted that negligence on the part of the company extended only to letting the tooth drop into the mouth of the plaintiff, who, having control of her muscles, was responsible for drawing the extracted tooth into her lung. This claim was discredited by the fact that Miss McGhee was under an anesthetic at the time.

## A COUNTESS AIDS ITALIANS.

American Born. She is Working for Her Adopted Countrymen.

The neat little farm along Clear Creek, kept by Italian market gardeners, the huddled tenements along the Platte and the more pretentious homes on the North side, where Italians congregate, have brought a famous woman to Denver. She is the Countess Frenanelli Cibo of Rome, an American by birth, formerly a newspaper woman in Grand Rapids, Mich., and a philanthropist by choice.

The Italian immigrants who come to America by thousands annually have interested her deeply. Hearing that Italians have thriven in Denver, she has come on to study conditions and possibilities here for immigrants from her adopted country. Her trip is official, and when she returns to Rome she will report to prominent statesmen of that country who are interested in the question. She is making a tour of the world. The late Count Frenanelli Cibo was chamberlain to the king of Italy for many years. He was a philanthropist, and after his death, the king's widow continued the work, earning world wide fame for her success. The countess was formerly lady in waiting to Queen Margherita.

The countess is a guest with Mrs. David H. Moffat and has been the recipient of much social attention. She was the guest of honor at a dinner given by the Italian consul, Signor Corti. The German consul, Dr. Albi, and other distinguished guests were present.—Denver Post.

## MEXICAN IMMIGRATION.

Mexico is agitated over the subject of immigration. The newspapers deal with the matter quite generally, and many public men have discussed it. It is argued that immigrants from cities are undesirable, as what Mexico needs is men to cultivate the land. It is said the cities in Mexico, like those in other countries, have a superabundance of the element which would be contributed by immigrants from foreign countries. A year ago a big Japanese company brought a thousand men from Japanese cities to Boleo for mining purposes. As the Japanese had no experience in mining they were of no use and had to be shipped home at the expense of the steamship company, which experiment, the Mexican investor says, cost the company about \$100,000. Another Japanese immigration company shipped a large number of Japanese laborers from towns to the planters there, but they proved a failure and had to be shipped home. For that reason Mexicans say they do not want men from cities. The great trouble with Mexican land is the lack of moisture, which will have to be provided by means of artesian wells, etc., for irrigation purposes.

## MOTORING IN ONTARIO.

Among the laws passed by the Ontario legislature at the session just ended is one of a drastic nature regulating automobile driving in Ontario, which should interest American tourists.

The new law provides that numbers up to be five inches long on front and back, and no number other than that issued by the provincial secretary is to be carried. In case of accident the onus of proof is on the automobilist. They must slow up on approaching horses or vehicles, stop if signalled, and render help if necessary.

For violation of the regulations or for riding on a bet the penalty is \$50 for the first offense, \$100 for the second, and not more than one month in jail for the third. If there are three convictions within the year it will cancel the permit, and no other will be issued for two years. Officers may arrest without a warrant and may detain the auto until the case is settled. The fees on American cars are increased from \$2 to \$10.—Detroit Free Press.

## LAW AND POETRY.

It has been known for many years that Thomas J. Law of Shullsburg, at present county judge of Lafayette county, has had considerable ability when it came to writing poetry. On Tuesday of this week it became necessary for him to issue a special dispensation for a certain wedding, and he did it thusly:

State of Wisconsin, Lafayette county — ss. In County Court.  
Of all true happiness beneath the skies  
The greatest joy in matrimony lies:  
Then why for five long days delay the bliss  
That ever hallows the first nuptial kiss?

At any hour, after this evening's sun,  
The within named couple may be named as one.

By order of County Court, Lafayette county, Wis., this 15th day of June, 1906. T. J. Law, County Judge.—Milwaukee Sentinel

# BALLOON VOYAGE

## Two Passengers Take the Longest Jaunt on Record.

NOANK, Conn., Aug. 6.—The big balloon Nirvina, carrying Dr. Julian P. Thomas of New York and a professional aeronaut, ascended from a point on the East river in New York City shortly before 9 o'clock last night and landed its passengers in the middle of this village at 5:45 this morning after one of the longest flights ever taken by a passenger balloon in this country. Dr. Thomas said that he was compelled to land to get water, his supply having given out a few hours before. After filling their tanks the balloonists again rose and the light wind carried them in an easterly direction. Dr. Thomas said that the trip had been one of the most successful he had ever taken and so far had been without a mishap of any kind. The trip from New York to this point covered about 140 miles. While on Bridgeport the balloon descended when the aeronaut came close enough to Long Island sound to enable them to carry on a conversation with a yachting party.

**BALLOON LANDS.**  
BRANT ROCK, Mass., Aug. 6.—Dr. Thomas' balloon landed here just before noon today. The balloonist had to land at Brant Rock or be carried out over Massachusetts bay. The air line distance from Noank to this point is about 100 miles.

## THUG GETS \$2.40; OVERLOOK \$2000.

In plain sight of more than a dozen persons, who little thought that a crime was being committed before their eyes, Mrs. Julius Cicero, an elderly Jewish woman, was held up shortly after 6 o'clock last evening in Jefferson Square and robbed of \$2.40. The purse containing the money was torn from her hand by her assailant, who then made his escape before his victim could summon assistance. Mrs. Cicero, however, cares little for the loss of the trifling sum secured by the thug, as she saved more than \$2000 in bank bills, which were concealed in a pocket of one of her undergarments. The victim of the robbery, while passing through the square, was suddenly confronted by a man who demanded her money. Mrs. Cicero declared that she had none. Then the thug seized her purse, tore it from her hand and took to his heels. So badly frightened was the woman that she made but slight resistance and did not call for aid as the footpad fled. In attempting to resist the attack of the thug, Mrs. Cicero received a slight cut on her face, and later she called at the Receiving Hospital to have the wound dressed. In her terror she failed to note the appearance of her assailant and, being thankful to have escaped without injury, she did not report the robbery to the police.

# OAKLAND PEOPLE HAVE EXCITING EXPERIENCE IN THE MOUNTAINS

MISS RUTH HOUGHTON.

PITTSFIELD, Mass., Aug. 6.—After going many miles without a mishap, a party of automobilists started from Boston Friday on the return trip and were disabled on Windsor Hill, in the Berkshires. Half a dozen of them arrived at the Wendell Hotel in Pittsfield at 1 o'clock Sunday morning in a whirling shower, while the others, after spending the night in Windsor, legged it to Pittsfield yesterday noon. The tourists are Mrs. William G. Henshaw, the Misses Allen and Florence Henshaw and Miss Grimes, Miss Ruth Houghton, all of Oakland; Harry Chickering of Oakland and Tonopah, Nev.; Howard Homans of New York and E. W. Fiskel of Boston. The two machines in which they were traveling are 35-horsepower Pope-Toledos. As the machines in which were the Misses Henshaw and Chickering and Homans was approaching Senator Murray Crane's estate in Windsor it broke down on a steep grade. For half an hour in the pitch darkness they tried to repair the automobile and finally decided to spend the remainder of the night on the mountain. It took them more than an hour during the shower that came up just then to find a farmer's house where they could stay and get dried. The others, not knowing their friends were stranded, came on to Pittsfield. The mishap was really due to the fact that the party took the wrong road from Springfield to Pittsfield and got lost in the wilds of the Berkshires. They are staying over Sunday at the Wendell.

## CHICAGO PROPERTY IN PT. RICHMOND.

An important transfer of property has just been made through the office of George W. Austin of this city. L. E. Atkinson of that office has been working for some time on this and carried it through successfully. The property is located at the corner of Sixty-third street and Stewart avenue, Chicago, Ill., known as "The Markers Theater," and "Julian Hotel" block, owned by F. Leslie Meeker and Ralph W. Meeker, which was exchanged for properties in San Francisco, Point Richmond and Fresno, owned by J. S. Hermann of San Francisco, and including the Herman tract of 127 acres at Point Richmond, Contra Costa county, Cal., the Standard Oil's western outlet and an important suburb of Oakland. This latter property is divided into building lots and will be handled and sold through Austin's office. Fully \$500,000 was represented in this transfer and is one of the most important deals carried through in Oakland for some time past.

# KINGS ATTEND

## English and Spanish Rulers See Regatta From Their Yachts.

COWES, Isle of Wight, Aug. 6.—The Cowes regatta opened today under the most brilliant auspices with, as usual, a program of races under the direction of the Royal London Yacht Club. The roads were crowded with yachts of various rigs and with stately warships guarding the kings of England and Spain, who, with their consorts, watched the races from their respective royal yachts. The weather was bright, but the wind was very light. The chief event of the day was a handicap race for schooners exceeding 100 tons, over a 48-mile course, in which Emperor William's Meteor, Claude T. Gayley's Adela, Herr Guillaume's Clara, Viscount Iveagh's Cetonia and other big yachts started. Another race was for 70-footers, the starters being George W. Watson's American-built yawl Navahoe, Miles B. Kennedy's cutter White Heather, Sir James Pender's cutter Karlad and R. W. N. Young's cutter Nira.

# OFFERS REWARD FOR VANDAL IN DEMAND

## Rich Berkeleyan Anxious to Find Person Who Cut Down Palm Tree.

BERKELEY, Aug. 6.—\$500 reward will be paid by me for information leading to the arrest of the person or persons who destroyed the five palm trees in front of the property owned by me on Ward street, west of Telegraph avenue.—J. A. Marshall. The above notice, which is being posted around the town by the rich capitalist J. A. Marshall, has caused no little comment. The millionaire in his complaint to the police of the town says that some time between midnight and two o'clock this morning the valuable trees in front of his property on Ward street just west of Telegraph avenue were cut down and totally destroyed. The vandal hacked the valuable palms with a hatchet, cutting close to the roots of the trees. The result is that the trees are entirely ruined. Marshall Volmer, head of the police department, made an investigation in order to try to locate the culprit but although he questioned all the residents in the vicinity of the house he could discover no trace of the vandals. One of the neighbors of Marshall says that he saw a man bending over the trees that were destroyed but he could not say whether the trees were cut down at that time or not. J. A. Marshall the owner of the trees is very angry about the affair and says that if the culprit is caught it will go hard with him. He avers that he will use every means of bringing the man to justice. Marshall had a dispute with Kock, the delicatessen man on Telegraph near Bancroft, but it is not believed that the cutting of the trees has any connection with the battery charge preferred by Kock against Marshall at that time.

## FALLS HELPLESS IN LOCKED ROOM.

Sergeant Charles Ellis, armorer of Company A, Fifth Regiment, National Guard of California, said to be the oldest National Guardsman in the state, underwent a terrible experience recently. Ellis, who is 69 years old, occupies a room in the armory building at Twentieth street and Telegraph avenue. After he had locked up the part of the building occupied by the National Guard and was preparing to go to bed, he was suddenly stricken with paralysis and fell to the floor speechless and helpless. He lay on the floor of his room, unable to move or make any outcry until next evening. Several members of the company who called at the armory found the doors securely fastened. They knocked, but there was no response. Finally Private Maganini secured a ladder and entered the armory through a window, when he found the old man on the floor in a dying condition. Aid was summoned and Ellis removed to the Central Hospital, where restoratives were applied and everything possible done for him. It was found out that his entire left side was paralyzed.

## TO ADMINISTER ON ROSE TAYLOR'S ESTATE.

Catherine B. Taylor, mother of the late Rose M. Taylor, today filed a petition requesting the court to appoint Lillie E. Taylor administratrix of her daughter's estate. Mrs. Taylor waives her right to letters of administration. Rose M. Taylor was an active worker in the First Congregational Church of this city, having been secretary of that organization for many years prior to her death.

## HORSES MISSING.

BERKELEY, Aug. 6.—The Contra Costa Construction Company reports the loss of two horses valued at \$300. The animals were lost at the barn at the corner of Adeline and Oregon streets last night. While the company thinks that they may have strayed from their stalls and wandered away there is a possibility that some party unknown to them made away with the horses.

# IMAGINARY ENEMIES

## Wife of Former Mayor of Santa Cruz May Be Insane.

Minnie M. Effe, wife of Robert Effe, formerly mayor of Santa Cruz, was taken to the detention ward of the receiving hospital this morning, where she will be held pending an examination as to her sanity. The complaint against her was filed by the husband. Mrs. Effe is suffering from melancholia. She is unable to sleep well and imagines that enemies are pursuing her to take her life. She gradually grows worse and her husband has determined that she will harm herself if she is longer permitted to be at liberty. Mr. and Mrs. Effe were residents of Santa Cruz for over thirty-five years. They are well known there and but recently took up their residence in this city. Mrs. Effe is much worried over the condition of her wife and is unable to give any reason for her state of mind. She will probably be examined as to her sanity tomorrow in the superior court.

# U. C. GRADUATES IN DEMAND

## More Than Half of Mining Class Get Positions Before Commencement.

BERKELEY, Aug. 6.—There has been a great demand for the graduates of the California College of Mining. More than half the class of nearly forty who graduated in May, 1906, had secured positions as soon as they had finished their examinations and were unable to remain for commencement, and the demand for graduates is greater than the supply. William S. Adams, '06, is now outside foreman and bookkeeper for the Tremont Coal and Coke Company at Wilkeson, Washington. W. W. Henry Jr., mining, '06, is engaged with a mining company in Nome, Alaska. Fred B. Reese, '06, is with the Bunker Hill and Sullivan Mining Company, Kellogg, Idaho. E. E. Carpenter, '06, has an excellent position with the Tonopah Mining Company, where he is an assayer. J. H. Burgess, '06, is also with the same company as assistant surveyor. Other University of California miners at Tonopah are Dodge, '05; Stenger, '06; Haley and Mace, '06. R. L. Dunn, mining, '06, is working for the Southern Pacific Railway Company in Humboldt county. F. L. Johnson, '04, is erecting a stamp mill in Arizona. Drummond McGavin, '04, has returned from South Africa and is now engaged in mining in Mexico. M. C. Milton, '04, is a surveyor for the North Star mine in Grass Valley. W. F. Copeland has charge of some very important mining interests in Alaska. A. E. Almond and D. A. Cavanaugh of the class of '05 are assisting Mr. Merrill in the large cyanide plant at the Homestake mine in South Dakota. F. L. Morris, '06, is doing some important mine examination work in Alaska. G. Cahill has charge of some important mine examination work for a large English company in Ecuador. W. W. Bradley, '01, has an important position at the Standard mine, Eadie, Cal. W. V. Griffith, '05, is on his way to Peru, where he has received an important position in the famous Cerro del Pasco silver and copper mines. This is one of the largest and most famous silver and copper mines in the world and is located on nearly 15,000 acres above the sea level.

## COURT NOTES.

Superior Judge Harris today granted F. D. Cruess a final decree of divorce from Elmer L. Cruess on the ground of desertion. C. L. Pardee today filed a petition for letters of guardianship of the person and estate of August Elzer, an insane person. The estate consists of \$450 in money on deposit with the Hibernia Savings and Loan Society of San Francisco. A WINNING START. A Perfectly Digested Breakfast Makes Nerve Force For the Day. Everything goes wrong if the breakfast lies in your stomach like a mud pie. What you eat does harm if you can't digest it—it turns to poison. A bright lady teacher found this to be true, even of an ordinary light breakfast of eggs and toast. She says: "Two years ago I contracted a very annoying form of indigestion. My stomach was in such condition that I gave me great distress. I was slow to believe that trouble could come from such a simple diet, but finally had to give it up, and found a great change upon a cup of hot Postum and Grape-Nuts with cream, for my morning meal. For more than a year I have held to this course and have not suffered except when indigestion varies my diet. I have been a teacher for several years and find that my easily digested breakfast means a saving of nervous force for the entire day. My gain or ten pounds in weight also causes me to want to testify to the value of Grape-Nuts. Grape-Nuts holds first rank at our table." Name given by Postum Co., Battle Creek, Mich. "There's a reason." Read the little book, "The Road to Wellville," in page.

# CHILD LEAVES HOME IN ANGER

Nine-Year-Old Girl Found by Police Wandering in Alameda.

ALAMEDA, Aug. 6.—Ellen Hughes, a colored girl, 9 years old, was found wandering about the streets in the west end of town last night by Officer Welling. He took the child to the police station, where she remained until her parents called for her this morning. The girl's mother stated that the child had left home while very angry and had refused to return at her solicitation. This morning the child accompanied her mother home without any objection.

## DEMANDS DAMAGES FOR FALL INTO DITCH

E. C. Thurber today filed suit against the Oakland Gas, Light & Heat Company and the Hutchinson Company for damages in the sum of \$5300 for injuries sustained by falling into a ditch dug by the Hutchinson company at Washington and Thirteenth street for the other defendant company. Thurber alleges that the defendants failed to put sufficient lights at that point to warn pedestrians of danger and that in the accident, two of his ribs were fractured, his left knee was severely strained, his body was bruised and his system received a severe nervous shock. Attorneys Clarence Crowell and Stanley Moore are attorneys for plaintiff.

## SAYS SHE SLAPPED NEIGHBOR'S FACE.

ALAMEDA, Aug. 6.—Mrs. Mary Cox this morning swore to a complaint charging Mrs. Julia Arada with battery. Mrs. Cox states in the complaint that the defendant grabbed her hair and attempted to drive her along a board walk near Arkville at High street. Mrs. Arada explained to the judge this morning that she had simply slapped the face of the other woman. The case was set for a jury trial on Wednesday morning.

## CHINESE STUDENT WINS HIGH HONOR.

BERKELEY, Aug. 6.—C. T. Wang, who graduated from the University of California, last year, has been named a member of the Board of Commerce of Peking and recently has been promoted to a high place in the Imperial Board of Education. The promotion is looked upon as an extraordinarily rapid rise to high rank, and the Chinese youths here are convinced that Wang will in a few years, under the great T'uan Fang's patronage, become one of the most popular figures in the councils of the Chinese empire. The news of Wang's promotion was

## BISHOP DEDICATES NEW CHURCH TO METHODISM

Consecrated to  
Faith by Large  
Congregation.

BERKELEY Aug 6—With music and prayer the First Presbyterian church at the corner of Alameda and Ellsworth recently purchased by the congregation of the Trinity church was dedicated yesterday morning. An immense concourse of people was present. Bishop John W. Hamilton, D. D., LL. D., resident bishop of the Pacific coast, delivered the dedicatory sermon. President F. W. Ross, Secretary W. H. Boone, S. Hackley, N. S. Treese, A. S. Cooley, T. Guigg, E. L. Morgan, T. Hodge and A. Martin, composing the board of trustees, presented the church to the congregation.

REV. C. K. JENNESS,  
Pastor of the dedicated church.

The church to the bishop for dedication. Rev. C. K. Jenness, pastor of the church, presented the church to the congregation. The church is a beautiful building, and the service was a grand one. The congregation was very large, and the music was excellent.

## DIVORCE SUIT TELLS IDENTITY

"Tallest Actress in World" Betrays Presence to Berkeley Friends.

BERKELEY Aug 6—The tallest actress in the world, Alice Lon, a former San Francisco society girl who is spending her summer up in the hills of North Berkeley, provided her friends with a surprise by filling her suit for divorce from Harry Littleton, who is an actor of some prominence in the east, though in a small way.

The people who were Alice Lon's friends, most of whom had been in San Francisco, knew her as Alice Perkins. Nearly ten years ago the girl left her home in the hills and came to Berkeley. She is now in the city, and her friends are surprised to hear of her divorce suit. The suit was filed in the Berkeley court, and it is expected that it will be settled soon.

## WOMAN BUILDS HOUSE ALONE

Scorns to Pay Man \$6 a Day  
and Does Her Own  
Carpentering.

ALAMEDA Aug 6—In the yard at the rear of her home Mrs. Mary Grund is building a house without any aid from the masculine sex. This athletic woman scorns to have a \$6 carpenter build the small house and states that she can handle the saw and hammer with the best of them. Mrs. Grund has lived here but two weeks having come from San Jose. She rented the house at 2254 Lincoln avenue and advertised that she was ready to take boarders. Many came and they enjoyed her cooking so much that they told their friends and Mrs. Grund soon found that her house was too small. Then it was that she was taken with the idea to erect a small room house in the yard. She purchased the lumber and then went to look for a carpenter. She found one but he wanted \$6 a day to do the work. The second man she found demanded the same pay and then Mrs. Grund decided to do her own building. The foundation was soon in and the scantlings and joists were soon placed by her hands. The walls and roof soon followed and the woman feels very proud of the work she has done. The house is not yet finished but it already presents a very solid appearance. Mrs. Grund was very pleased with her effort in the building line when seen this morning. Those men wanted \$6 a day and I am able to earn but a third of that amount. I can do as much in two days as any carpenter can in one so I was saving \$3 a day.

**TO DEDICATE**  
Dearly beloved it is meet and right as we learn from the Holy Scriptures that houses erected for the public worship of God should be specially set apart and dedicated to religious uses. For such a dedication we are assembled. With gratitude therefore to Almighty God who has signally blessed his servants in this church, we dedicate it to his service for the reading of the Holy Scriptures, the preaching of the word of God, the administration of the Holy Sacraments and for all other exercises of the religious worship and service according to the discipline and usages of the Methodist church. And as the dedication of the temple is vain without the solemn consecration of the worshippers also, I now call upon you all to dedicate yourselves anew to the service of God. To let our souls be dedicated, that they may be renewed after the image of Christ. To him let our bodies be dedicated, that they may be temples for the indwelling of the Holy Ghost. To him may our labors and business be dedicated, that their fruit may tend to the glory of his great name and to the advancement of his kingdom. And that he may graciously accept this solemn act let us pray.

Remarks were then made by Rev. John Coyle and Rev. A. H. Needham, former pastors and presiding elders of the church.

**RESUMES LECTURES**  
BERKELEY Aug 6—Professor W. L. Jepson after an absence of a year from the university has returned to give his course in botany. Professor Jepson spent the year abroad in the different European countries studying. He spent some time at the University of Berlin and at the Royal Botanical Gardens of London.

**Luckiest Man in Arkansas**  
I'm the luckiest man in Arkansas, writes H. L. ## ENTERS HOUSE OF DETECTIVE OF JUBILANT OVER SUCCESS

Unwary Burglar Discovers His Mistake in Time and Flees.

BERKELEY Aug 6—The house of Henry E. Jamison, sergeant of detectives of the police force of the town at 2018 San Pablo avenue, was entered by a burglar Saturday night at about 12 o'clock. Jamison had expected a friend of his, Frank Watkins, to call all night at his home and had left the front door unlocked. About midnight a door was softly opened and a man described as wearing a slouch hat with his collar turned up entered. Jamison was aroused by the noise and called out. The man hastily fled. The police detective then rushed to his room and got a revolver. Although he started on the track of the stranger he was unable to locate him in the gloom of the night.

## DEATH CALLS A PIONEER

John A. McInnis, of Vallejo,  
Overcome by Stroke of  
Paralysis.

VALLEJO Aug 6—John Aibion McInnis, a pioneer of Vallejo and one of the best known men in this section of the state died at his home in the city Saturday night as the result of a stroke of paralysis by which he had been prostrated for over a week. Deceased was 65 years of age. He had resided in this city for about forty years. He came here when a young man and for several years he lived on Mare Island. During recent years he was engaged in the grocery business in this city and by constant attention to business his wealth increased until at the time of his death he was rated as one of the wealthiest residents of San Joaquin county. He leaves to mourn his loss a widow and several children.

## ALAMEDA TRUSTEES TO MEET TONIGHT.

ALAMEDA Aug 6—There will be a meeting of the City Trustees tonight in the city hall. There is much business for the session and many matters of legislative importance will come up for settlement. Just what power the trustees have in the regulating of legal machines will be definitely settled. It is now believed that the trustees will take no steps to keep the cigar dealers from operating the machines. Two criminals will come up for passage at the session tonight. These are the criminals regarding the keeping of chickens and the erecting of billboards.

## JURY CONFIRMS SUICIDE STORY.

ALAMEDA Aug 6—An inquest held yesterday morning to inquire into the circumstances surrounding the death of Matt Kern, who shot himself in this city on Friday, brought out evidence that the man had been a correspondent for some time and that he had often threatened to kill himself. After hearing the testimony the jury brought in a verdict that the man had committed suicide. The funeral of the deceased took place today under the direction of the Odd Fellows.

## ELEVEN MEN TO HEAR EVIDENCE.

BERKELEY Aug 6—The jury which was to try the case of Walter Sweetman, the West Berkeley man accused of conducting a speakeasy, contrary to the town ordinance which prohibits the sale of liquors in Berkeley without a license, was selected Saturday. Eleven men were chosen and as the people and the defense were satisfied the case will be tried with a short jury. The trial is set for tomorrow. On Wednesday the fourteen Chinese who were a short time ago convicted of gambling will have a second trial. They are represented by Judge Flick of Oakland.

## MONTHLY SERVICE

BERKELEY Aug 6—Last evening, at the South Berkeley Presbyterian church, the regular monthly pulse service was given. The music was under the direction of H. C. Closson, the chorale-master of the church. The program rendered was as follows: Anthem, How Lovely are the Messengers (Mendelssohn), tenor solo, Jesus Misere (Ethelbert Neale), J. W. Kirkham, the Eld Let Loose in Eastern Skies (G. W. Martin), solo Miss Pearl Barnes and chorus soprano solo selected Mrs. Somerset anthem Grant to Us Lord (Barnby).

## TALKED IN TENT

BERKELEY Aug 6—In the tent meeting on Fairview street in South Berkeley last evening, Dr. Morgan delivered a sermon on the subject of "Earthquake of the Bible." The speaker reviewed the subject from the side of the lesson that the earthquakes of the olden times taught to the people. He said that there was some meaning attached to the shocks which he thought was on account of the morals of the people of the countries visited by the quakes.

## A Question for Plain People.

A contemporary says Governor Pardee is likely to lose his chance of a renomination because he has paid too close attention to the duties of his office and neglected political organization in his own behalf, while he has busied himself in the Governor's office at Sacramento the politicians have organized the machine against him.

How much truth is there in this frank statement? It comes from a paper that is opposing Governor Pardee, and it speaks not only what it believes to be the truth, but expresses it with gusto.

But what are the people of California to think about it? Do they approve of a Governor who attends strictly to the duties of his office in preference to doing politics to secure a renomination? Is it satisfactory to them to see such a man turned down because he has put his obligation to the public before his personal ambition?

It is conceded that Dr. Pardee has made an excellent Governor. That is freely admitted by his opponents; but they say he will be denied the endorsement of a renomination because he has not placated certain powerful politicians. How does this strike the Republican voters of the State? What is a Governor for, anyhow? Is he a man that the people have first claim on or must he be a pliant person who will make the public welfare secondary to private interests and ambitions?

Has it come to this pass that it is a choice between being the people's man and losing and somebody else's man and winning? Are the people no longer to be depended on by men in public life? This is an issue which seems to be rather sharply before the voters of California at present.

## Europe Learning From Chicago.

The investigation into the methods of slaughtering stock and packing food products at the Chicago stockyards is having a beneficial effect in foreign lands. It provoked an agitation in England which compelled a similar investigation in London, where conditions were found equally as bad as existed in Chicago. This started an investigation in Paris, which has horrified the French public. The conditions of the abattoirs of the French capital are said to be something awful—infinitely worse than were found at the Chicago stockyards. Radical reforms will now be enforced. In all probability the methods of slaughtering stock and handling animal food products will come under rigid supervision in every civilized country as a direct result of the disclosures made at Chicago. A striking victory for publicity. People the world over are indebted to the American press for what it has accomplished in the way of making the food supply cleaner and healthier.

William J. Bryan has given further proofs that he is sane and sane by donning a modish silk hat and having his clothes made by a London tailor. He should take warning from the fate of Jerry Simpson, the Sockless Socrates of Medicine Lodge, who ruined himself with his Populist constituency by ornamenting his calves in Washington with hose of the barber pole variety. This predilection for the fripperies, vanities and luxuries of the money power convinced the farmers in the arid belt in Kansas that Simpson had gone over to the enemy and leagued himself with the octopus. Similarly Mr. Bryan's discard of his slouch hat and ill-fitting sack coat may be taken to express an abandonment of his solicitude for the dear people.

Secretary Taft seems to have forgotten that President McKinley broke the "Solid South" in 1896, and that it has never been solid since. McKinley carried Maryland, Delaware, West Virginia and Kentucky the first time he ran, and Maryland, Delaware and West Virginia the second. At the last Presidential election Maryland, Missouri, Delaware and West Virginia went for Roosevelt, leaving only the remnant of the solid South for Parker. The Secretary of War is advising the southerners to do something they have already done. A Republican governor will be elected in Tennessee this year, but not because of Taft's Greensboro speech.

The San Francisco Examiner says the Alameda Democrats are talking of running such eminent Democrats as Judge Yule, Wm. Lair Hill and Judge Gibson for Superior Judges. There is nothing the matter with the gentlemen named, only they are Republicans. What is the matter with Tom Scott, T. M. Huxley, John Shaw, J. B. Richardson or John R. Glascock? Have they cold feet, or is their Democracy open to question? They are certainly all good men and good lawyers.

Although the Alps are already pierced by three gigantic railroad tunnels, a fourth is projected. Our own Sierra Nevada still remains to be bored through, though one of the great tunnels of the world is proposed for the Harriman system on the central route. Nor has the work yet been started on the big tunnel through the Siskiyou mountains.

The Colusa Sun denies that Colusa runs its sewage into the Sacramento river. It is neighborly in the Colusans not to poison the Sacramentoans with their sewage, but they are foolish to poison themselves with it. Yet people who drink water drawn from wells immediately adjacent to sewage vaults excavated in loose soil wonder why there is so much sickness.

Berkeley has set Oakland a good example by voting bonds not only to put the damaged school houses in repair, but to erect a new polytechnic high school, despite some show of opposition. It is to be hoped that the voters of this city will appreciate the importance of voting bonds to rehabilitate Oakland's damaged school houses.

The clearings of the Oakland banks for the last three months aggregated \$46,419,123.19, an average of \$15,473,041.08 per month, nearly \$600,000 per day. This is an excellent showing for a newly organized clearing house association, and another striking proof of Oakland's rapid growth and commercial importance.

Now that Ray Stannard Baker has landed out on the Pacific Coast, the people here may expect to learn a good deal they never before suspected about the iniquities of public officials. We never can tell who is honest till Mr. Baker has thrown on the limelight.

Frank J. Heney continues to send leading citizens of Oregon to the penitentiary for fraud and perjury in connection with land stealing, but the Hon. Abraham Ruef, of San Francisco, is still at large apparently fatter and sassier than ever.

## A Personal View of Christian Science.

Editor TRIBUNE:—An incident transpired in Boston a few weeks since that should arrest the attention of all thinking people.

Only a few years ago the Christian Science Church (I believe the juvenile religious cult of the country) established an ordinary-sized church building in Boston. About two years since the leaders announced that the building was entirely inadequate; that they desired to enlarge the building, and that the expense, according to the plans of the architect, would be \$2,000,000. That was all that was said on the subject. The work was started and the money began to flow into the treasury. For two years artisans have steadily labored on the structure, and the golden stream of the supply was stronger and more copious at the finish than at the beginning. Indeed, if the amount required had been \$10,000,000, it would have been furnished. A few weeks ago the magnificent structure, which has a seating capacity of 5000, was dedicated to the service of God entirely free from debt. Whenever we observe the great straits the orthodox churches are in to raise a few hundred dollars it is profitable that we should inquire the cause of this great difference. I think I am correct when I say that the members of the Christian Science Church belong to the general average of people in regard to their worldly possessions. They are not all rich, nor are they all poor; so they have no more ability to give, according to the general understanding, than the people of the other churches. Jesus said: "Where your treasure is, there your heart will be." May not this be the answer to the query:

Before proceeding further, allow me to say that I am not a member of the Christian Science Church, nor any other church so far as that goes. I am just one of the many thousands standing upon the hill top listening for the voice of truth.

And to the restless souls who are not satisfied with the desiccated dogma of the old churches these lines are addressed. I don't ask you to embrace the Christian Science religion, but I do ask you to investigate it. We are commanded by the highest authority to investigate. Paul said: "Prove all things," and you cannot prove anything without investigation. Substantially, the proposition is this: The old churches tell you that if you subscribe to their creeds and live according to their rules, after death you shall receive your crown. But you have only the promise of the church for that. They never can prove their promise.

Christian Science says that when you come to the only true and living God, you get your crown right here and now. You have not got to die to be blessed. "Now is the accepted time; now is the day of salvation." Audible prayers addressed to an anthropomorphic God pass out into the great barren and eternal space and receive no blessings. Christian Science asserts and verifies that an anthropomorphic God has no more power to bless us than has a stone image. While the secret, earnest prayer addressed to the only true and living God is followed by the blessing as surely as the night is followed by the day. At the time that Jesus walked the streets of Jerusalem there were complaints made to him that they did not receive answers to their prayers. Jesus told them why their prayers were not answered in just four words, and that same answer holds good to this very day. He said to them: "Ye do ask amiss."

Now, what more entertaining or profitable occupation could we be engaged in than to find out how to ask aright? Christian Science claims that when we ask aright the blessing surely follows, and in proof of this they point to the many cases that have been healed from sin, sickness and disease. What brighter crown can we desire than health, harmony, and happiness?

Said Jesus: "Ask, and it shall be given you; seek, and ye shall find; knock, and it shall be opened unto you." Christian Science claims to have demonstrated and proven these words of Jesus to be utterly and absolutely true, and it does constantly receive the blessings of these promises.

"Acquaint now thyself with Him and be at peace." Christian Science preaches that when you become acquainted with the true God and learn to ask aright, all your troubles will cease, and you will continually be blessed—the life-long server in the church finds himself tortured with sickness and disease. His church consoles him by saying it is God's will. He tortures the flesh to purify the spirit.

Christian Science says that this is an error; that God afflicts none of His children with sickness and disease, and, when they find him, they will be relieved from all sin, sickness and disease. Every now and then some so-called minister of the gospel feels himself called upon to attack Christian Science and to say that all good people should have nothing to do with it. I cannot see the ground for this argument, as Christian Science teaches nothing contrary to the doctrines of Jesus; in fact, it seems to me to be only what its name implies, the science of the teachings of Christ.

From my observation the people of the Christian Science church seem to be a blessed people. In this city their membership is not large, yet they easily do what the older and larger organizations of the other churches find hard to do.

At the time of the earthquake their church was damaged with all others, and their treasury was empty, having just sent all to Boston. In the mean time they installed a beautiful organ, costing over \$6000, and the cost of repairs amounted to over \$2000. The money for this comes right along, without any trouble or worrying by any one. And do you ask where the money comes from? They will tell you that God is the source of supply, and this being so, it follows that the supply is inexhaustible. No matter how large the demand, the supply is more than equal to the occasion. Do they not demonstrate the truth of this postulate? I ask you to investigate this for yourselves.

The Christian Scientists exercise the wisdom of never dedicating a church until it is entirely free from debt.

There are three propositions generally belonging to the orthodox church which the Christian Science church never has, and that is a tall steeple, a clanging bell, and a mortgage. And I think all churches will do well to take a hint from it.

Let me say that I have not attempted to make any argument for Christian Science, for it needs no bolstering at my hands. My object in writing this letter is to attract the attention of some seeker after the light and try and point him the way to go up higher.

And if the attention of any one is attracted by these words, and, after investigating, he finds a better way, and receives comfort and consolation for his pains, I shall be abundantly rewarded, and the object of my effort fully attained.

C. R. LEWIS.

## GAYETIES OF THE SEASON

A Few Informal Dinners, Automobile Trips, Society News.

Mr. and Mrs. Gilbert L. Curtiss of East Oakland gave a delightful dinner recently which was also in the nature of a family reunion. The guests included Mrs. Curtiss' cousins, Mr. and Mrs. Charles Hornick and Master Frederick Hornick of San Francisco. Mrs. William Wincup of Los Angeles, also a cousin of the hostess, was a guest at the enjoyable affair.

### AFTERNOON AFFAIR.

Mrs. Donald Robertson entertained a score of friends at an enjoyable affair given Saturday afternoon at her home on Merrimac street. A feature of the afternoon was the talk by Miss Katherine Ball on Japanese art.

### AN ENGAGEMENT.

The engagement is announced of Miss Mignon McCartney, the charming daughter of Mrs. Amos McCartney of Alameda and Evelyn Hall, son of George W. Hall.

Miss McCartney is one of the popular girls of the Emerald City, while her fiancé is assistant cashier of the Seaboard bank of San Francisco.

The definite date has not yet been fixed for the wedding, but it will probably be an event of October.

### WILL RETURN.

Mr. and Mrs. Hugh Lowden of Minneapolis, who have been enjoying a delightful stay in Oakland and Berkeley, will return shortly to their eastern home. Mr. Lowden came here in the interest of an insurance company, and business affairs have called him home, and later to New York.

### SOCIETY NOTES.

Thornton White is enjoying a series of "lightful automobile runs in his new Winton car. Hoque Giorgio, formerly professor of languages in the state university, expects to leave shortly for New York, where he will enter the practice of his profession, the law.

Mrs. Moore, formerly of the Cecil apartment house in San Francisco, has taken a house in Berkeley, and many former San Francisco people have engaged suites of rooms.

Mr. and Mrs. Gilbert Curtiss leave in a few days for Clear Lake, where they will spend two weeks, and later will go to Los Angeles for a month.

Mrs. Daniel McKay, of Sacramento, is visiting Oakland friends en route to Santa Cruz, where she will join Mrs. Metcalf, of the capital city.

W. N. Cowan leaves next week for a visit with relatives in Montana.

Mr. and Mrs. Samuel Ferris (nee Blackman) have returned from Glen Alpine, and are established in their pretty bungalow on Haste street, Berkeley.

Mr. and Mrs. Frank Deering have returned after a visit of several weeks at their country house on the McCloud river.

Mr. and Mrs. Morris Phillips are visiting friends here.

Mrs. Clarence Warren and her sister, Miss Adelaide Grant, of Denver, are visiting Berkeley friends.

Professor Alfred L. Kroeber and Mrs. Kroeber have returned after a month's outing in Humboldt county.

Miss Doris Wright, whose engagement to Oswald R. Gibbs was a recent announcement, has gone to Fairbanks to join her mother, Mrs. Clara Wright.

### AT DINNER.

Mr. and Mrs. Edward Hall Dodge have been entertaining at a series of small informal dinners given at their attractive home in Alameda. The guests have included only members of the younger set, and the reunions have been very enjoyable.

### ANNOUNCE ENGAGEMENT.

The news of an interesting engagement is made public today in the announcement that Miss Juanita David of Alameda is to marry Wendell L. Phillips of Lodi. The secret has been carefully guarded by the young people, but a few intimate friends have already been congratulating the couple. The romance is the culmination of a three years' friendship. No date is yet mentioned for the wedding. The bride-elect is the daughter of

MISS EMILIE CHAMBERLAIN.  
Who is to be the bride of Dr. Howard J. Lackey.

Mr. and Mrs. Edward E. David, and has many friends here.

### SUMMER VACATION.

Miss Ida May Bradley has spent three delightful weeks at El Pismo, San Luis Obispo county, and leaves tomorrow for a visit to Paso Robles.

### SEPTEMBER WEDDING.

The marriage of Miss Mary Marriener and Lieutenant Wallace Berthold, U. S. N., will be an event of the coming month. Miss Marriener has been making her home in Berkeley with her parents, Mr. and Mrs. Charles Marriener, since the fire in San Francisco.

Two other approaching weddings of interest are those of Miss Kathleen Bull and Covington Pringle, who are to be married within a few weeks, and Miss Georgia Shepard and Lieutenant Edwin Long, who will celebrate their wedding at the close of the army maneuvers at American Lake, Wash.

### ART NOTE.

William Keith will give the first exhibition since the fire, and has about thirty canvases which he will place in Vickers' new gallery at 1225 Sutter street.

## HOTEL BARS OLD WOMEN

Youth and Good Salaries are Required as References.

NEW YORK, August 6.—With a kitchen finer than that of the Waldorf-Astoria, a capital dancing floor, a chain of small parlors for the quieter entertainment of friends and 250 light and airy bedrooms, Trowmart Inn, a hotel for young women, will open its doors today.

It is situated on Abingdon square in what is called old New York, within a stone's throw of the business centers, whence its permanent guests will be drawn. No one of its patrons will pay more than \$5 a week (one in a room) and those who prefer only \$4.50 (two in a room). Breakfast and dinner are included in the weekly rates. Lunches at fifteen cents will be served only on holidays and Sundays. Every advantage will be given the young women to save their purses at the expense of a little labor, for which the most generous facilities have been supplied. The only restrictions imposed are those of having a position which pays \$10 or \$12 a week and a sufficient capital of youth. All the guests at the Trowmart must be under thirty-five.

W. R. H. Martin, who built the hotel after plans he has for years been developing, seeks to offer a comfortable dwelling place to girls who have been obliged to lodge uncomfortably for lack of means to pay current rates. He has no intention of catering to those who have homes in the city. To keep his guests in of an evening he will provide a mechanical piano and piano player, a well chosen library, a good sized room to dance in when the spirit moves, or cards for a quiet game. Their men friends will be as welcome as women friends to these rooms, and soft drinks, cheaper than they can be bought anywhere else in the city, will be served.

### SEWING ROOM.

A sewing room, with machines, will be open for the use of the guests, with trons to press clothing and other little accessories to aid in the preservation of a wardrobe. There will also be a laundry with porcelain tubs and hot and cold water. All that the girl must supply will be the soap. A steam drying room is another comfort. On each of the floors five bath rooms are to be found to each fifty rooms. Mrs. Minnie E. Shepard is the general manager.

When a girl presents herself she will be asked to give the name of her employer, the amount of her salary—these being considered in the light of a reference which may be readily investigated—and to give assurance that she is not thirty-five.

Mrs. Martin's reason for the latter provision is interesting. The woman of thirty-five she looks upon as somewhat settled in her views of life and likely to be bored by the giddy pleasure of the girls from eighteen to twenty-five who will make up the majority of the clientele.

There will be no restriction as to hours unless a girl stays out several nights a week till the wee sma' hours, which is regarded as inconsistent with sincerity in work. In that event she will be asked for her room.

While transient trade is not coveted, a few rooms at fifty cents a night will always be held for girls who may be stranded. And should they present themselves at any hour, with or without a reference, no questions will be asked.

It is a broad philanthropy on a purely business basis which Mr. Martin will put to the test in his life-time, and commit to trustees when it has proved its possibilities. During the first year, while he will not come into personal contact with the guests, the Trowmart will be under his personal supervision. Its cost was \$300,000. The hotel was to be opened on July 1, but was damaged by fire and has since been made as fireproof as known agencies warrant.

Don't Grumble when your joints ache and you suffer from rheumatism. Buy a bottle of Ballard's Snow Liniment and get instant relief. A positive cure for rheumatism, burns, cuts, contracted muscles, sore chest, etc. Mr. L. T. Boggs, a prominent merchant at Wm. Point, Texas, says that he has used Ballard's Snow Liniment the best all round liniment he ever used. Sold by Alshart's drug store, Tenth and Washington streets.

No one knows better than those who have used Carter's Little Liver Pills what relief they have given when taken for dyspepsia, diarrhea, pain in the side, constipation, and disordered stomach.

## KILLS 13-YEAR-OLD SWEETHEART

Farm Hand Insanely Murders When Denied Her Company.

GUELPH, Ont., Aug. 5.—Peter Wylie, a young Scotch emigrant, yesterday shot and instantly killed the 13-year-old daughter of J. Swackhammer, his employer.

Wylie was at work on Swackhammer's farm and wanted to go with the girl to a neighboring town. To this Swackhammer objected, and in a rage Wylie shot the girl.

## FIANCEE SENDS FRIEND AFTER MISSING MAN.

Efforts to locate H. T. Burke, a contractor who disappeared on the eve of his wedding to Mrs. A. Hollingsworth, a widow of Sacramento, have failed.

Burke left Sacramento, where he had a lucrative business, on July 10. He was to have made some purchases of building material at the California Mill Company in San Francisco, and other matters pertaining to the approaching marriage engaged his attention. His failure to return to Sacramento has distracted Mrs. Hollingsworth, while Burke's business associates are unable to explain his disappearance.

D. S. Baker, one of Burke's friends sent by Mrs. Hollingsworth, arrived today to continue the search in the bay cities. He told the sheriff and the police that Burke left Sacramento with \$700. Fears are expressed that the missing man has been foully dealt with by some one who learned he had a considerable sum of money with him.

Descriptions of the missing contractor have been supplied to the authorities throughout California.

## COLLEGE GIRL IS HURT IN RUNAWAY.

SANTA ROSA, Aug. 6.—Miss Georgia Guerne, a student at Mills College, had a narrow escape from serious injury at Guerneville late Friday evening. She was driving with a girl companion, when her horse became frightened at a train and ran away. The vehicle collided with a telegraph pole and both girls were thrown violently from the vehicle. Miss Guerne's back was at first believed to have been broken, but examination showed that while she had been badly bruised, no bones were fractured. She was taken to her camp at Guerneville Park, where she is resting comfortably.

## TRIAL RACES FOR LIPTON CUP CONTEST.

SAN DIEGO, Aug. 6.—The first of a series of three yacht races for the Sir Thomas Lipton challenge cup occurred today. It was over a triangular course off Coronado Beach, two miles to a leg, twice around, making a 12 mile race. The Mischief II, the largest boat in the race, gave the Monsoon six seconds, the Aerolus 31 seconds, the Skidoo, a minutes, the Mischief I, 4 minutes 37 seconds, and the Estrella 10 minutes and 13 seconds.

## A Mineral Water-Sun Bath

When you have finished with the bathing proper at the Paso Robles Hot Springs new bathhouse, you go into a great glass room and take a scientific sun bath. It's fine. Low rates at hotel for long stays. Three trains daily to take you there over Southern Pacific.

## TO READERS OF THE LADIES' HOME JOURNAL:

Did you read the article published by The Ladies' Home Journal in May 1904, attacking Dr. Pierce's Favorite Prescription? Have you seen the statement more recently made by Mr. Bok, the Editor of that magazine that his company "has not paid a single penny to Dr. R. V. Pierce's concern \* \* \* in settlement of any suit"? We wish you to know the truth. The facts are these:

Four days after the article in May 1904, appeared, Dr. Pierce's company sued The Ladies' Home Journal publishers for libel. The trial was had in April last. Dr. Pierce proved that the attack made by The Ladies' Home Journal was false. He proved that Dr. Pierce's Favorite Prescription does not, and never did contain either alcohol or any of the injurious drugs which The Ladies' Home Journal falsely stated it did contain. This was so conclusively shown that the attorneys for The Ladies' Home Journal were forced to admit it. The jury rendered a verdict against The Ladies' Home Journal in favor of Dr. Pierce's company for \$16,000.00. This was a complete vindication of Doctor Pierce and his "Favorite Prescription." It judicially established that the libel was wholly false, and without any justification.

Dr. Pierce, however, believed that his company is justly entitled to a verdict for a much larger sum. Through his attorneys he has, therefore, applied to the court for a new trial of the case. For this reason, and for this reason alone, has The Ladies' Home Journal not yet paid "a single penny to Dr. R. V. Pierce's concern." Dr. Pierce has simply chosen not to collect the judgment until the motion for a new trial has been decided.

In the light of these facts does not this boastful statement that "has not paid a single penny to Dr. R. V. Pierce's concern" look like a cheap and common bluff, a half truth intended to mislead you?

During the trial of the libel suit against the above mentioned publishers, Dr. Lee H. Smith, Vice-President of the World's Dispensary Medical Association, stated under oath that the ingredients of Dr. Pierce's Favorite Prescription were wholly extracted from the following native roots: Golden Seal, Blue Cohosh, Lady's Slipper Black Cohosh and Unicorn by means of pure glycerine of proper strength. He was asked how he knew, as a physician and experienced medical man, that the "Favorite Prescription" was a cure for the diseases peculiar to women, such as female weakness, irregular catarrh, irregular and painful periods, and other diseases of the womanly organs, and he stated that he knew such was the fact because of his professional experience and the many thousands of women whose ills, to his personal knowledge, had been cured by this "Prescription."

This experience of Dr. Smith was corroborated by the standard Medical Authorities, of the several schools of practice, endorsing the various ingredients in the strongest terms. Dr. Smith being asked to name some of these authorities as to the curative value of the above roots read from the standard works, such as the United States Dispensary, The American Dispensary, Organic Medicines, by Greiner Coe, M. D.; Materia Medica, by Professor Finley Ellingwood of the Bennett Medical College, Chicago; New Remedies, by Prof. Edwin M. Hale, M. D., of Chicago; Text-Book of Therapeutics, by Dr. Robert A. Hare, Prof. in Univ. of Penna; Female Weakness, by Dr. J. C. Felt, of New York; Prof. John King, Author of "Woman and Her Diseases"; Professor John M. Souther, M. D., a treatise on "The Diseases of Women"; Horatio C. Wood, M. D., Author of "Therapeutics"; Roberts Bartholomew, M. D., a treatise on "Gynaecology"; Jefferson Medical College of Philadelphia. All these recognized and standard authorities praise, in the strongest possible terms, each and every ingredient which enters into the "Favorite Prescription" of Dr. Pierce for the cure of woman's peculiar weaknesses and ailments.

Dr. Pierce's Favorite Prescription is not advertised as a "Cure All," but admirably fulfills a singleness of purpose, being a superior and most positive remedy for one class of diseases only—those easily recognized weaknesses, irregularities, irregularities and painful disorders peculiar to women. It is a powerful, yet gently acting, invigorating, tonic and strengthening nerve. For weak, worn-out, over-worked women—no matter what has caused the break-down, whether it be from too frequent bearing of children or from too much worry, care, or over exertion of any kind, "Favorite Prescription" will be found most efficient in building up the strength, regulating all the womanly functions, banishing pain and bringing about a regular and healthy, vigorous condition of the whole female system.

No invalid woman can afford to accept a severe regimen of unknown composition for this tried and proven remedy of known composition. Leading physicians often prescribe it because they know exactly what it is made of and that the ingredients of which it is composed are the very best known to medical science for the cure of woman's peculiar weaknesses and delicate ailments.

Dr. Pierce's Favorite Prescription is not advertised as a "Cure All," but admirably fulfills a singleness of purpose, being a superior and most positive remedy for one class of diseases only—those easily recognized weaknesses, irregularities, irregularities and painful disorders peculiar to women. It is a powerful, yet gently acting, invigorating, tonic and strengthening nerve. For weak, worn-out, over-worked women—no matter what has caused the break-down, whether it be from too frequent bearing of children or from too much worry, care, or over exertion of any kind, "Favorite Prescription" will be found most efficient in building up the strength, regulating all the womanly functions, banishing pain and bringing about a regular and healthy, vigorous condition of the whole female system.

## FAMOUS CHEMIST DIES IN MARYLAND. BALLOON NIRVANA MAKES ASCENSION.

BALTIMORE, Md., Aug. 6.—Gustavus W. Lehmann, widely known for his work in chemistry and bacteriology, died yesterday in his sixty-third year. A native of Wiesbaden and a graduate of the university of that city, he was the official chemist of Baltimore and was at one time United States chemist for this port. Of late years he has devoted himself chiefly to the chemistry of hygiene and food products. He was a member of the American Institute of Mining Engineers and of the American Association for the Advancement of Science.

### CAN'T ATTEND.

BERLIN, Aug. 6.—The Foreign Office informs the Associated Press today that the German government regrets that plans of the Navy Department for the maneuvers include every ship available and preclude attaching vessels to visit the United States on the occasion of the German yacht races off Marblehead.

### TO DOUBLE TRACK.

ALAMEDA, Aug. 6.—It now develops that the Southern Pacific Company has been attempting to purchase land along the route from here to Fruitvale for the purpose of placing another track thereon. At the present time there is but one track to Fruitvale, and the company intends to lay another so that there will be no interruption of traffic. The land has not yet been secured, but agents of the company are now attempting to purchase it.

## OAKLAND GRABS TWO IN NORTH

SEATTLE, Aug. 6.—Seattle lost both games of a double-header yesterday. In the first game Croll outpitched Garvin and the Oakland team outplayed the locals in all departments.

The second game was lost through the downright stupidity of the locals in the field and on the bases. Croll went to sleep with the ball in his hands, and allowed a runner to score from second base. And Strub was caught off third by a snap throw by Hales when he had a chance to tie the score.

Mahaffey unpitched good ball. The scores:

## SERAPHS WIN; HANDICAPRACE NAGLE HITS BOOKED FOR TONIGHT

FRESNO, Aug. 6.—During the ball game yesterday Walter Nagle, the Los Angeles pitcher, assaulted Harry Wallace, a fan whom he claimed had insulted him and both Wallace and Nagle were indicted from the grounds by officers under arrest for disturbing the peace.

The scene following Nagle's assault was the most disgraceful ever seen on a Fresno baseball field and several others of the Los Angeles players came near doing the same.

The game was delayed for over twenty minutes.

Los Angeles took the contest by the score of 5 to 1, bunching hits in the third inning on the error and being aided by a few errors.

Fresno had several opportunities to turn in the score but could not hit in the poor moment.

## LIVELY BIDDING IN ORDER FOR NELSON-GANS CONTEST

There promises to be a lively squabble before the destination of the proposed Gans-Nelson battle is decided. After the Goldfield promoters made their offer of \$30,000 for the match, which was accepted by Billy Nolan, manager of Nelson, Eddie Grady received a wire from Nolan asking him to come to Salt Lake City, saying he would expect him there at once.

Grady left San Francisco for Salt Lake Saturday night, announcing before his departure that he would bid \$40,000 for the go, and had every confidence that he would secure the plum for San Francisco.

According to the later dispatches, Nolan does not expect to permit any bidding for the contest, declaring that he will accept the Goldfield offer if the money is put up, and stating his reason to be that he had given his word to the Goldfield people.

The following is Nolan's telegram, sent yesterday:

"SALT LAKE, Aug. 5.—My word given the Goldfield club. Unless their money is not posted, no hope for competitors. Chances are that I will leave for Goldfield Monday. Nelson cannot leave before the end of the week, owing to his engagements."

"BILLY NOLAN."

SACRAMENTO OFFERS \$42,500.

SACRAMENTO, Aug. 6.—E. L. Van Buren, manager of the Hoffman club, sent duplicate telegrams this afternoon to the managers of Battling Nelson and Joe Gans, bidding \$42,500 for the privilege of promoting the lightweight championship fight at Sacramento on September 3. This action was the result of a private conference among five well known and well to do Sacramentoans at noon today, at which \$30,000 was subscribed in sums of \$10,000 each for the purpose of insuring the bringing of the contest here.

GOLDFIELD PLANS.

GOLDFIELD, Aug. 6.—A telegram from Billy Nolan, manager for Battling Nelson, to "Tex" Rickard announces that he is willing to accept the cashier's check from the John S. Cook & Co. bank for deposit in San Francisco as a guarantee of the \$30,000 purse for the Nelson-Gans fight to be held here September 3. Nolan is expected here within the week, together with Gans, to arrange preliminaries and sign articles. Nolan will have to come here to note the climate, as the location of the Nelson camp will depend on the opinion of Nolan or the Goldfield ozone.

Before the main event it is intended to have Victor Ajax, the trainer of Sandow, and Jack Lewis of the Mohawk club of Chicago on the mat for a wrestling bout. Following this will come a bout between Jack Clifford, the lightweight boxer, who has made Goldfield his home, and some other good man, probably Hanlon.

## PORTLANDERS AND SEALS SPLIT EVEN

STANDING OF CLUBS.

Club	W.	L.	Pct.
Portland	58	25	.623
San Francisco	58	27	.610
Los Angeles	54	44	.551
Seattle	42	58	.420
Oakland	40	58	.408
Fresno	42	61	.407

By taking yesterday afternoon's game from Parke's men at Iliad Park, the Portland outfit won the series and retained the lead, narrow though it is, in the pennant race.

In the sixth inning the big men from the north fell upon Simmons with great abandon, making four clean hits, mixed with which were an error and a fielder's choice that retired nobody. Three men came across the rubber, and when another tagged it in the seventh spasm the game was safely stowed away.

In the morning things were different. Wilson went to the initial corner and sent Nick Williams in to twirl. Nick

was there, with a capital T, and he had the other fellows guessing all the time. For eight innings he pitched shut-out ball, and only relaxed slightly in the ninth, a little wildness then permitting a Portland runner to score.

SIXTH WAS FATAL.

In the afternoon everything was lovely until the sixth. Simmons was

loving them over in good style, and had his opponents breaking their backs swinging at unresisting air. But in the sixth there came such happenings. Essick, who had struck out on his former appearance, fell against the ball hard, swatting it direct over second. It was a

clean single, and when Spencer let it go through his legs Essick went on to second. McHale sacrificed to the pitcher, and when Simmons elected to slam the sphere in an unavailing effort to catch Essick, both men were safe. Then Sweeney singled, scoring Essick, and when Mitchell beat out a pretty hunt the bases were full and no one went down.

Billy McCredie singled, scoring McHale, and when Smith sacrificed Sweeney came home. Moore hit to Wheeler, who winced it home in time to cut off Mitchell's wild dash for the pan, and McLean flew to Sears, ending the inning.

ANOTHER TALLY.

In the seventh, with one down, Essick walked. McHale singled, and Sweeney made the second out, flying to Spencer. Mitchell soused one close to the foul line in right garden, and when it bounded into the crowd the ground rules made it a two-bagger and Essick scored. McCredie popped one to short right that looked safe, but Kid Mohler got it on the dead run, ending the agony for the Seals.

The crowds of Saturday and Sunday

were the largest ever seen in Oakland. Saturday's crowd was as large as some of the Sunday crowds have been since the fire. Yesterday morning's crowd filled all the sea's, and in the afternoon there were so many who came through the gates that they filled in all the foul territory off of left and right fields, making ground rules necessary.

The scores.

## LABOR PARTY RESOLUTIONS

Warn Union Men Against Supporting Republican Faction.

The Union Labor party held a meeting last night at Central Labor hall, at which a permanent organization was effected. R. P. Poorman was elected president and E. C. Weber secretary. The following resolutions were adopted.

Whereas, All union labor men of Alameda county, through the action of the convention held July 29, 1906, have now a method of proper expression of political views, and

Whereas, Said union labor men are being fought by certain Republican manipulators controlling the so-called Union Labor Party County Central Committee, and

Whereas, Said Central Committee under said Republican domination is now busily engaged in picking out delegates to stand against the delegates to be named by true union labor men through this executive committee, be it

Resolved, That this executive committee, having a full knowledge of the political events of the past two years in the Union Labor party, urgently warns all true union labor men not to permit the names to be used by the Omsby-Blackburn committee under any pretense whatsoever, and be it further

Resolved, That all candidates desiring the union labor nomination be hereby warned against directly or indirectly participating in the support of the Omsby-Blackburn list of delegates, and be it further

Resolved, That a copy of these resolutions be sent to the respective unions of Alameda county to the know and to be kept on file in the labor hall on call to the press.

## ROBBER KILLS TONOPAH MAN

Beats Another Insensible and Then Makes His Escape.

TONOPAH, Nev., Aug. 6.—Stuart Burney, a prosperous teamster operating between here and Manhattan, was killed last night in the corral of the Headlight stable, near the depot. John Kernan, another teamster, was fatally beaten. Both men were attacked with gas pipe. Robbery was the motive. Burney always carried a large sum of money, and was known to have had several hundred dollars last night.

Burney arrived at Manhattan last night carrying as passengers Leo Smart and Lowney Bennett. Smart was killed. He was arrested today, but declared he knows nothing of the crime. He admits meeting Bennett near the depot this morning. Bennett had said not to tell any one he had seen him.

The dead man's clothes were stripped from his body and found a distance from the track. His pockets were rifled. Kernan's skull is fractured and it is said he cannot live. The authorities have wired Carson and Hawthorne to arrest Bennett if seen at either place.

Police asked to find old man.

George Mitchell, sixty years of age, has disappeared from his home at 1039 twenty-fourth street. It is feared by his relatives that the aged man may have been stricken by heart failure, from which he suffered, and could not summon aid.

When he left home, Mitchell carried a cane, and wore a cutaway coat and gray trousers. He had an iron-gray mustache. The police have been asked to find him.

**STREET CAR MEN**  
**WILL HAVE PICNIC**

The fourth annual picnic of the Street Car Men's Union will be held next Thursday at Mora Park, Oakland, Oakland Division No. 192 will celebrate with the carmen of San Francisco this year, and everything possible is being done by the Oakland contingent to make the outing a great success. In addition to the events provided by the carmen, there will be many other novel attractions. The committee in charge

"Reading thus should enable one to understand and to express the unwritten thought, writing that is perfectly legible, spelling that is accurate, the power applied to the knowledge of the principles of study of arithmetic to practical problems, the knowledge of the English sentence as used in speech, the knowledge of the use of a good reading, and of understanding the march of national life, hygiene that shall make the laws of health a habit, and the power of reasoning the ordinary quality that are being followed in our common schools.

I have touched herein some essential things that relate to our pupils and our schools. This has been done so that an intelligent opinion concerning my beliefs and the reasons for them may prevail. If you agree with what I have set forth, and I believe that I can advance the cause of education along the lines marked out, I am, I think, asking your influence and vote, at the election to be held Tuesday, November 10, 1908.

**PILLS.**

**CURE**

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Browsiness, Distress after eating, Pain in the Side, &c. While their most remarkable effect has been shown in curing

**SICK**

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing it, and every complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Ever if they will

**HEAD**

ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find them little else but priceless in so many ways that they will not be willing to do without them. But after all sick head

**ACHE**

is the cause of so many ills that here it is where they make our great harm. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are as pure as sugar and do not grip or hurt, but by their gentle action place the liver in its normal position.
